Rental Analysis & Cash Flow

Rent Snapshot

Scenario	Annual Rent	Per Sq Ft	Gross Yield	Net Yield
Conservative	AED 85,000	AED 70	5.6%	3.5%
Most-likely	**AED 95,000**	**AED 78**	**6.3%**	**4.1%**
Optimistic (lagoon / furnished)	AED 108,000	AED 89	7.2%	5.0%

Pricing reality check: the AED 1.0M marketing headline is NOT in the live list — actual entry is **~AED 1.42M (1-bed, Unit 104)** and **~AED 1.50M (2-bed Community, Unit 112)**; lagoon-view 2-beds run AED 1.77–2.13M. Yields here are on a ~AED 1.51M 2-bed Community unit. Dubai South 2-beds let at ~AED 85–110k with the beachfront premium. The **2-year post-handover plan** is the real edge — lease on handover (~Q4 2026) and let rent fund the remaining ~40%.

Operating Cash Flow (Buy-to-Let)

Item	Monthly	Annual
Gross Rental Income	AED 7,917	AED 95,000
Service Charge (~14/sqft)	-AED 1,419	-AED 17,024
Property Management (8%)	-AED 633	-AED 7,600
Maintenance	-AED 238	-AED 2,850
Vacancy Allowance (5%)	-AED 396	-AED 4,750
Insurance / Misc	-AED 117	-AED 1,400
Property Tax (Dubai)	AED 0	AED 0
Net Operating Income	**AED 5,114**	**AED 61,376**

Investment Metrics

Metric	Value	Assessment
Cap Rate	4.1% net	Gross 6.3% on a ~AED 1.51M 2-bed Community unit; lagoon units price higher, similar yield
Cash-on-Cash Return	High on deployed cash	2-yr post-handover plan keeps capital-at-risk low pre-completion

Gross Rent Multiplier	15.9x	Price-to-annual-rent on the entry 2-bed Community unit
Debt Service Coverage	n/a	Staged in cash via the developer plan; mortgage optional post-handover
1% Rule	0.63%/mo	Below 1% rule — normal for Dubai capital-growth markets
Break-Even Occupancy	On handover	Lease on handover; rent helps fund post-handover installments

Mortgage Summary

Parameter	Value
Purchase Price	AED 1,510,000 (2-Bed Community)
Down Payment	AED 151,000 (10% on booking)
Loan Amount	Optional post-handover mortgage
Interest Rate	~4.4% (EIBOR-linked)
Loan Term	25-year
Monthly P&I	**~AED 6,650 (if mortgaged post-handover)**
Total Monthly (PITI)	**~AED 8,069 (incl. service charge)**

Neighborhood Analysis

Neighborhood Details

Factor	Detail	Notes
Location	Dubai South, near Expo City	Beachfront / lagoon-view community
Airport	Al Maktoum Int'l (DWC) expansion	$35B build-out → world's largest hub; #1 demand driver
Metro	Expo City metro (Red Line / Route 2020) nearby	Future Al Maktoum + Etihad Rail links planned
Developer	Dubai South Properties (government-backed)	Lower delivery risk than private mid-market
Amenities	Pools, lagoons, kids pool, gym, yoga, sauna	Resort-style; growing community retail
Growth	Dubai South sales +30% YoY; rents +20%	Strong infrastructure-led trajectory

Area Demographics & Trends

Demographic	Value
Population Growth	Dubai +5%/yr (~4.47M)
Median Age	Aviation, logistics & young families
Employment Rate	Expo City + Al Maktoum + free-zone jobs
Major Employers	Aviation/logistics, Expo City, EZW, DWC free zone

Investment Analysis

Payment Plan — 2-Year Post-Handover

Stage	%	When
Down payment (on booking)	10%	At reservation / SPA
During construction	40%	Milestone-linked, to handover
On handover	10%	~Q4 2026 / Q1 2027
Post-handover (2 years)	**40%**	**Over 24 months after handover**

Headline feature: a 2-YEAR POST-HANDOVER payment plan — roughly 40% of the price is spread over 24 months AFTER handover, so the unit can be leased and rental income applied toward the installments. This sharply reduces capital-at-risk versus a pay-on-handover plan. Percentages are indicative of a typical Dubai South structure — confirm the exact split, tenor, milestones, DLD/Oqood registration and fees with Dubai South Properties before reserving.

Investment Strategy Comparison

Strategy	Projected Return	Timeframe	Key Risk
Buy & Hold (primary)	~6.3% gross / ~4.1% net + appreciation	5+ years	Dubai South near-term apartment oversupply; metro/rail future-dated
Off-Plan Assignment	Construction-phase uplift	Before handover	Resale liquidity thin during the supply wave; assignment fees apply
Flip / Resale	Upcycle-only	Post-handover	~8-9% round-trip costs; needs meaningful appreciation to profit

Appreciation Projections

Timeline	Conservative (1%)	Moderate (3.5%)	Aggressive (6%)
Year 1	AED 1,555,000	AED 1,601,000	**AED 1,646,000**
Year 3	AED 1,650,000	AED 1,798,000	**AED 1,955,000**
Year 5	AED 1,751,000	AED 2,020,000	**AED 2,325,000**
Year 10	AED 2,029,000	AED 2,704,000	**AED 3,260,000**

Scenario Analysis

Scenario	Probability	Expected Return	Trigger
Bull Case	30%	**+8% to +14%/yr**	Airport build-out accelerates, Expo City momentum, lagoon scarcity, supply absorbed
Base Case	45%	**+3% to +6%/yr**	Steady infrastructure-led growth; flat-to-soft rents during 2026-28 supply wave
Bear Case	25%	**-5% to flat**	Dubai South apartment oversupply outpaces demand; rents discount; rates rise

Recommendation & Risk Factors

Investment Recommendation

Signal: BUY | Suggested Offer: Best value: 2-bed Community (Unit 112/212) ~AED 1.50–1.52M, or 1-bed (Unit 104) ~AED 1.42M; lagoon-view 2-beds from ~AED 1.77M

Beachfront Gates 2 pairs a government-backed developer (Dubai South Properties) with a lagoon/beachfront concept on Dubai's strongest infrastructure-growth corridor — the $35B Al Maktoum Airport + Expo City. Note the live price list starts at ~AED 1.42M (1-bed) and ~AED 1.50M (2-bed Community) — above the AED 1.0M marketing headline — with lagoon-view 2-beds at AED 1.77–2.13M. Yields are moderate (~6.3% gross / ~4.1% net on the entry 2-bed), so the thesis is capital growth + the standout 2-YEAR POST-HANDOVER plan, which lets you hand over (~Q4 2026), lease, and fund the final ~40% from rent — minimal capital-at-risk. Underwrite on yield, hold 5+ years, and confirm the exact payment split.

Action Items Before Purchase

1. Confirm the EXACT payment-plan split (down %, construction %, post-handover % and tenor) in the SPA
2. Verify the service charge (AED/sqft) and reserve fund — beachfront amenities can run high
3. Prioritise lagoon-view (premium rent/resale) vs Community (best entry price) per the live list
4. Check DLD/Oqood registration and the developer's escrow + delivery track record
5. Underwrite rents conservatively for 2026-28 and plan a 5+ year hold

Risk Factors

Risk Factor	Probability	Impact	Notes
Pricing vs Headline	High	Medium	Live entry (~AED 1.42M+) is above the AED 1.0M marketing line — set client expectations on real list prices
Dubai South Supply Wave	High	Medium	Elevated 2026-28 apartment deliveries near Expo/DWC may soften rents and slow resale
Transit Future-Dated	Medium	Medium	Metro/Etihad Rail links to DWC planned but not operational at handover — car-dependent for now
Service-Charge Inflation	Medium	Medium	Lagoon/beach amenities can carry higher charges — verify exact figure before reserving
Exit Liquidity	Medium	Low-Med	Resale/assignment may be slower during the supply wave; buy-and-hold is the base case
